Our injectables are generic.
Not our service.

Experience the Eugia Difference!

We know that you expect high-quality products, competitive pricing, and consistent supply. We go beyond the status quo of the generic injectables market by redefining a service philosophy based on:

OUR PRODUCTS

We are proud to offer an extensive product portfolio that:

- + Can be utilized in a range of institutional settings, including acute care hospitals, long-term care facilities, surgery and rehabilitation centers, and outpatient clinics
- + Includes therapeutic classes such as antibiotics, antivirals, respiratory, hematology, cardiovascular, central nervous system, and many more
- + Targets in-demand, short-supply products

OUR FLEXIBILITY

Eugia adapts to changing norms in the market.

Our offerings reflect our flexibility:

- + Customized product procurement solutions for GPO partners
- + Fair pricing models for hospitals
- + The fulfillment of drop shipment agreements
- + Accessibility
- + Transparency

Our willingness to go the extra mile means that you can focus on controlling your bottom line.

OUR CAPABILITIES

We control our critical processes:

- + Supply chain
- + Distribution
- + Product quality

We are vertically integrated—developing the majority of our products in-house and utilizing our dedicated development and regulatory affairs teams.

As a result, we can maximize efficiency and provide a consistent supply of high-quality products at reasonable prices.
